

Economic assessment

Market economics - economic assessment

ACIL Tasman provides advice and analysis on market assessments and the design and operation of markets including market outlook assessments and market efficiency.

Examples of ACIL Tasman's work include:

- advice on the design of the short term trading market for the gas industry
- advice to the Government of New Zealand on the efficiency of the natural gas market
- advice to the Tasmanian Government on the design and operation of the natural gas market in New Zealand

See our market economics, policy and strategy project case studies.
