

## Policy consultants – formulation, evaluation, analysis

Government policy consulting - formulation, evaluation and analysis

ACIL Tasman's policy consultants have extensive experience in analysis, development and formulation of public policy and program implementation and monitoring.

ACIL Tasman provides policy analysis to support policy formulation and implementation to Commonwealth, State and local governments. Our experience includes policy reviews, evaluation of efficiency and effectiveness and assessment of program implementation.

Policy challenges facing governments span a wide range of issues including economics, trade, environment, natural resource management, climate change, social inclusion, program delivery and policy implementation at all levels of government.

ACIL Tasman has provided analytical and modelling and forecasting support for governments during the policy formulation and evaluation process.

Contact ACIL Tasman to find out more about our expertise in government policy formulation, evaluation and analysis.
