

Economic consulting – government, private sector and industry

Economic consulting - government, private sector and industry

ACIL Tasman's experience extends across government and industry, focused on careful, credible analyses and on developing innovative solutions for our clients.

Our capability covers:

- competition policy, trade practices and trade regulation
- economic modelling and economic impact analysis
- expert market advice and due diligence
- expert witness and litigation support
- market economics
- policy and strategy
- research and development - R & D

ACIL Tasman has expertise in the interaction between the public and the private sectors in service provision, including financial sector reform, competition policy and public-private-partnerships. Risk management is a growing area of expertise.

Our team uses its extensive experience together with strong analytical foundations and frameworks to deliver focused outcomes and solutions for clients.

Please contact ACIL Tasman to discuss the application of our economic expertise to your business.
